BENEFITS OF STEAMING FOOD

Steaming as a method of cooking is thought to pre-date the discovery of fire, when foods were steamed over hot springs or stones. Asian cooking has always used steaming as a main cooking method, both for health reasons and because ovens are rare.

Tupperware SmartSteamer

- **Fail-safe, easy to use**
- **Breakthrough innovation** in microwave steaming technology.
- **Steams everything** from vegetables, to tofu and fish.
- Eat **healthy, tasty** food.
- **Save money** on energy versus traditional stove steaming.
- **Sustainable** for the environment (save energy and lasts a lifetime).

**Unique product is made with encapsulated metal, so it blocks the microwaves that normally cook foods, and directs them to the Water Tray--creating steamed delicious, nutritious meals in minutes.

Wellness Cooking

- Steaming allows cooking any type of food and is a well-known method for fat-free cooking. It also retains nutrients, fatty acids minerals and vitamins.
- Steaming does not mean bland cooking. The colors are more vibrant, the texture stays firm, the natural flavors are better preserved and the herbs or condiments can develop their aroma fully. Add herbs or spices to the water to add a specific taste. You can also accompany your meals with sauces for a richer taste.
- Steaming is perfect for the whole family – and a great way to introduce vegetables to children who will appreciate the festival of authentic colors and tastes on their plate.

TUPPERWARE SMARTSTEAMER HAMBURGER SLIDERS

1lb of lean hamburger meat ½ Onion
1 T Tupperware Chipotle seasoning
9 Hawaiian rolls (sweet or butter work the best)

DIRECTIONS:

Place onion in chop'n prep and pull about 6-10 pulls or until it's the consistency you want. Put hamburger into medium size Tupperware bowl and sprinkle Chipotle seasoning and chopped onion on top (you can either mix it in with your hands or just cook it on top. (I prefer mixing it in because it makes the flavors come together more.) Flatten hamburger into one big patty and place in lower tray of Smart Steamer. Cook 8 minutes or until hamburger is cooked. Cut meat into 9 pieces and place a slice of cheese on each piece. Place rolls in top tray and put cover on top. Let stand 2 to 3 minutes so cheese melts and rolls are warmed. Serve with lettuce, tomatoes, pickles, and mayo.

Tupperware Chipotle Mayo

1 Cup mayo 1 T Chipotle seasoning

Place both ingredients into Chop'n prep and pull cord 3 to 5 times or until mayo and seasoning are blended.

Tilapia in the Smart Steamer

Fill the bottom with water up to the fill line. Place 3 Tilapia filets in the main steamer, season with lemon juice, Old Bay seasoning, sea salt and cracked pepper.

Use 3 Cups of frozen French cut green beans, seasoned lightly with sea salt in top colander. Place top on SmartSteamer and microwave for 10 min, let sit for another 5 min.

This was 3 servings and a total of 128 Calories per serving!!! I didn't have to use butter, oil or anything else. The fish was PERFECT, moist and with the Old Bay seasoning visually appetizing. The green beans were crisp and again perfect!

Mixed Vegetables

Using the Smart Steamer place inside: 1/2 red bell pepper - sliced - 1/2 of a sweet potato (do not peel) cut in country fries, 1/2 of a regular potato cut in country fries, some cauliflower, broccoli, fresh green beans, one ear of corn on the cob - cut into three sections - 2 wedges of cabbage -- as much as will fit into the steamer and still get the cover on correctly.

Add water in bottom tray by allowing fresh water to run over the veggies & into the base. Spritz veggies with olive oil – sprinkle lightly with Italian herb. (Herb will really kick in after steaming)
Cover & place in microwave. Cook for about 17 minutes on high. Incredible!

The point is - you can have what you like - if you don't like cabbage - don't take cabbage!
